ONLY DAILY PAPER IN EGYPT.

The Bulletin. THURSDAY.

THE Democratic triumph in the Senatorial election in Philadelphia on Tueshad something more than a local significance. In a district which gave a Radjeal majority of a thousand in October the Democratic candidate is elected by nearly fourteen hundred majority.

THE New Hampshire "Patriot" says "John A. Logan denies that he is a free grader. Upon this the Providence "Herald" remarks that the lobbyists who have been accustomed to buying his votes have always considered him a ready trader, if not a free one.'

A DEMOCRATIC Representative in Congress wittily proposes that a select committee be raised to inquire into the best mode of restoring General Grant's "faith in human nature," which was somewhat impaired by the frank revelations of Admiral Porter's first letter.

WE have been requested to remind the public that the survivors of the 11th Illinois infantry will hold a reunion in Chicago on the 15th day of June next. The address of the occasion will be delivered by Gen. Logan. There will, of course, be the usual ball, banquet, and good time generally.

THAT Secretary Boutwell has not lost his interest in the political affairs of his State, and perhaps expects some favorable result to himself, is proven by the fact that he has made arrangements to leave Washington next month, and be present in Boston at the opening of the Massachusetts legislature

A CORRESPONDENT of the Cincinnati Commercial has been talking with Andrew Johnson after the approved "interviewing" style. He found the ex-President warming his shins in a country store where his son and son-in-law, bare-armed, were weighing out butter and counting eggs. He expresses no affection for his successor, thinks his last message the "weakest document ever under the necessity of being called a state paper," and calls Gen. Grant's fame the "accident of an acci-

still come home to roost. So do precedents. The latter assertion is now verified in the case of the Radical party in North Carolina. Last year Holden and his supporters desired to remove some Conservative judges. They accordingly passed a law providing that while charges of impeachment were filed against officials, the latter should be deposed from office. It was done. Now when the Democratic legislature rightcously impeaches Gov. Holden, this law of his own making returns to depose him ad interim. The "chickens are coming home to roost."

CERTAIN Radical leaders appear unable to dispel the thought that the ascendancy of their party can only be maintained by involving the country in another war. They are, therefore, very bloodthirsty, and try to make it appear that the country has been most outrageously affronted by England. The neglect of that country to pay the Alabama claims—the amount of which has never yet been named-is a very serious affront, and it is searcely probable that the Radical party will be satisfied with a monied atonement.

That President Grant sees a war in his San Domingo job, we are, of course, not prepared to say; but there are those who boldly avow that with the acquisition of that Island, we secure a war. If war is the President's programme, he should not only bear in mind that

"The best laid plans of mice and men, Aft gang aglee;" but that while one war has made him President, another war may retire him to the obscurity from which he was raised-his Galena tannery.

"If you mean that my abstract opinions as to what was right have not been changed by the result of the war, you are correct; but if you mean to say that I do not accept those results, each and all of them, and guide my conduct as a citizen thereby, your charge is incorrect. I can well see how a beaten party may be required to acknowledge that fact, and to engage that he will forever refrain from attempting those things again which were the cause of the collision, but it seems to me he would be a sorry dog, indeed, who should acknowledge that he had for four years participated in all the horrors of civil required to acknowledge that fact, and to engage that he will forever refrain from attempting those things again which were thecause of the collision, but it seems to me he would be a sorry dog, indeed, who should acknowledge that he had for four years participated in all the horrors of civil war for a cause that had so little cause to sustain it, that it became wrong as soon as two men and \$10 proved too strong for one man and \$1. I protest to you, sir that I am an obedient and law-serving citizen of the United States; that I acquiesce in and will maintain all the legitimate results of the war; that I earnestly desire the unity and perpetuity of the whole country, its prosperity and honor. I desire never again to see its great energies, its vast resources, its illustrious soldiers, and its wise statesmen engaged in the ignoble task of statesmen engaged in the ignoble task of on Saturday, on their way to their homes overy atom of wealth in its bosom, and every spark of the genius of its children, the past week, on business connected with may be devoted to the common welfare, henceforth and forever: and in attestation of all this, I pledge a faith which stood by a sinking cause through misfortune and defeat, bright and untarnished, as my bitterest enemy must say, because honor and duty required it. terest enemy must say, because honor and duty required it.

A dispatch from Augusta, Georgia, inder date of the 26th instant, says : of the State have been received to show that the State has gone largely Democratic, and it is tolerably certain that the following Democrats have been elected to Congress: First district—W. W. Payne, Forty-second. Third district—Wm. T. Wright, Forty-first and Forty-second. Fifth district—L. A. Cook to the Forty-first, and D. M. Dubois to the Forty-second. Sixth district—Wm. P. defensive armor. But he was met at the door by his spouse, outraged by the intrusion of a stranger, as she supposed, and admintance refused. He called himself her husband—she said he was an imposter. He attempted to explain. It was useless. A crowd gathered around, and the laugh became general. At last, in his perplexity, the Hoosier exclaimed, "Sallie, look at my feet!" One glance at the pedal appendages assured her. "Yes, John, she said, "I know them feet. They can come in; but keep that head out of my sight."

The Second and Fourth districts are doubtful; it is thought they have gone Republican, but it will take the official count

fourths of the Legislature.

AUGUSTA. Dec. 27.—The election returns Congress from the First, Third, Fifth, Sixth and Seventh districts, with the chances in favor of Lawton (Democrat) in the Fourth. NEWS BY GHOST.

A Clairvoyant Predicts the Loss of a Ricamor, is Punished for the Predic-tion, but it Proves True. Atlantor, and its Proves True.

The Mazatlan correspondent of the San Francisco Chronicle says: "A sonsation of some importance to the Spiritualists here has excited the public mind over since the loss of the ill-fated steamship Continental. The sensation was produced in this manner: A clairvoyant physician, an American, who lately arrived in this city, and practices his profession here, had a vision on the night the steamer was wrecked. In his vision he saw an old woman who appeared at his bedside and was evidently greatly afflicted. At first he was startled by the apparition or spirit, but soon calmed down and asked the ghost what caused her sorrow. She then wrote upon the wall that the steamship Continental had just foundered at sea, and that a number of passengers had pe ished. The spirit of the old lady, although not giving the latitude and longitude where the disaster occured, was particular in stating that the wreck took place off Cape St. Lucas. Having relieved herself of this piece of information, the apparation disappeared, and the clairvoyant was left to cogitate upon the marvelous. Next morning the doctor arose, and he was so strongly impressed with the strange and mysterious event of the night, that he told mysterious event of the night that he told mysterious event of morning the doctor arose, and he was so strongly impressed with the strange and mysterious event of the night, that he told many of his friends in private what he had seen and heard. His friends could not keep the secret, and so reports of the wreck spread rapidly throughout the city. As might be expected, great anxiety was felt for the safety of the passengers, and every person who had relatives or friends on board was wondering whether the clairyovant was right or wrong. Such a clairvoyant was right or wrong. Such a strong hold did the report take upon the public mind, that the authorities had the doctor arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrested and fined him \$25 as a disturber of the arrest THE POSITION OF GOVERNOR
